Parties leaving the city during the summer, whether on week or longer, can have the "Post-Dispatch" mailed to their address by leaving their orders at the Counting-room, with the carriers of the paper.

AMUSEMENTS TO-NIGHT.

THEATRE MAJESTIC—The "Mirado"
SCHWABER'S GARDEN—The "Gondoliers."

Weather forecast for to-day, for Missouri: Fair; warmer; southerly winds.

Is SALOON-KEEPER BECKMAN above the law?

HAPPILY FARNELL has decided to devote himself to industrial, not social reforms.

THERE are prominent points of resemblance between the two "Honest" Johns of Philadelphia.

It is becoming apparent that the only satisfactory qualification for places in the City Hall is devotion to the Administration.

It is most remarkable that a shrewd businessman like WANAMAKER should have owned a lot of bank stock and not have known it.

The reputation of Arkansas for the enforcement of law has been vastly improved by the indictment of ex-State Treasurer WOODREFF.

ONE of the mean features of the clean sweep contemplated by the City Hall bosses is the hypocritical way in which it has been inaugurated.

It is hardly necessary for Mr. WANAMAKER to revise his statement of his transactions with the Keystone Bank. The facts are doing it for him.

HAVING failed to find a surplus to exhibit the Administration has decided to change the Treasury statement so as to prevent the exhibition of a deficit.

TWO DATES are worth keeping in mind—Tuesday next when the SUNDAY POST-DISPATCH student-author contest will close, and Sunday next when the prize will be announced.

MR. FARNELL believes that "public opinion in the United States is practically unanimous in his favor." Distance makes a wonderful difference in views of public opinion.

AN excellent text for Mr. WANAMAKER's usual talk to the Bethany Sunday School would be, "Be sure your sin will find you out." It is capable of practical illustration from the speaker's experience.

THE programme for the entertainment of the German Emperor during his visit to England doubtless includes a quiet game of bacchary with his Uncle Albert, although no mention is made of it in the public announcements.

ALTHOUGH beaten at rowing and general athletics by Harvard and at base ball by Princeton, there is still consolation for the Yale men. The intellectual field is open for competition, and it holds out honors more substantial than the victories of college athletes.

THE discovery of nest eggs which "Honest" JOHN BARDELEY tried to put away out of his stealings continues, and his villainy is assuming monumental proportions. His "confession" is proved to be about the biggest piece of rascality of which he has been guilty.

THE evidence which is presented exclusively in to-day's SUNDAY POST-DISPATCH, showing that the Missouri Pacific officials are officers of coal companies operating on its line in this State, and indicating that the ownership of both is vested in the same parties, constitutes an important revelation in which the public is deeply interested. The violation of law and discrimination against other competing companies are in-

THIS YEAR'S OUTLOOK.

With a radius of 500 miles from St. Louis the earth promises to yield this year a larger agricultural surplus, a larger per capita of wealth in all the staple products, than was ever before harvested in a single year by any population under the sun.

And never before did foreign deficiencies promise a more favorable market for what we have to sell.

The outlook for fall and winter trade in St. Louis was therefore never better than it is now, because the area covered by the commercial field of this city never before held so many consumers, or so many with valuable marketable products to exchange for needed supplies. There is reason for believing that not only our old established industries but our many new industrial enterprises and all our mercantile establishments will have all they can do to supply the largely increased demand on St. Louis for goods of all kinds, for building materials and for new manufacturing plants and agricultural machinery.

The POST-DISPATCH believes that an attractive programme of fall festivities will demonstrate the effect of exceptional prosperity and bright prospects upon the vast population of the Mississippi Valley. It will afford the desired opportunity to great multitudes in the humor for a trip to St. Louis combining business with pleasure and the promotion of new enterprises suggested by increased resources. And this increased demand upon the business resources of our city is but the precursor of the vastly accelerated increase which will come with the settlement of 1,500,000 energetic Americans in the Indian Territory within five years after it is opened to settlement.

DEFEW EXPLAINS.

Feeling constrained to explain or modify his remarkable prophecy at Galena that the only prominent men of our first century who would be remembered by the multitude a thousand years hence would be WASHINGTON, HAMILTON, WEBSTER, LINCOLN and GRANT, Mr. DEFEW says he meant only that the multitude, busy with the affairs of their own day a thousand years hence, would know WASHINGTON, HAMILTON, WEBSTER, LINCOLN and GRANT as we know them, while the knowledge of JEFFERSON would be left to the antiquarians and students of history.

Only a prophet can tell how the busy multitude of Americans a thousand years hence will differ from the Americans of to-day in their principles and ideas of government. But if Mr. DEFEW will go out among the busy Americans of to-day and read to them from the writings of JEFFERSON and HAMILTON, he will find a million voters associating JEFFERSON's name familiarly with quotations from the Declaration of Independence and from JEFFERSON's famous inaugural, where he will find a thousand familiar enough with HAMILTON to tell of anything great he ever did or to identify a single quotation from his own writings. He will also hear a thousand shouts of applause evoked by quotations from JEFFERSON to one elicited from the multitude by any words with which HAMILTON's name is identified.

It is not the busy multitudes of to-day, but the learned advocates of plutocracy, like Mr. DEFEW, who forget and misrepresent JEFFERSON's doctrines, and overrate the great public services of HAMILTON. The Depew of a thousand years hence may still sneer at the Declaration of Independence, as all Hamiltonians do, and denounce as a lie the proposition that "all men are created equal," but the multitude then as now may still hold that the truth of the asserted equality as to inalienable rights is self-evident, eternal and essential to just government.

Because the plutocrats and centralizers of to-day sneer at JEFFERSON as a slaveholder, it does not follow that the masses a thousand years hence will forget that he was the most advanced abolitionist of his day, and that what he said and did for the cause of emancipation compares with what HAMILTON did or said for the same cause, as the Declaration of Independence compares with HAMILTON's scheme to make our President a King, and our Senate a House of Lords.

JEFFERSON, not HAMILTON, was the original apostle of government founded on faith in the people and on the largest reservation of popular rights. It was from JEFFERSON, not HAMILTON, that LINCOLN imbibed the inspiration of a "Government of the people, by the people and for the people," and the record and words of LINCOLN will keep alive the memory and doctrines of JEFFERSON among the American masses fully as long as the name and doctrines of HAMILTON are revered by the advocates of plutocracy.

FRIENDS of Liberalism and homelike everywhere note with alarm the reports of the continued ill-health of Mr. GLADSTONE. The critical period in the cause of the Liberal party of England is approaching and signs of victory under the brilliant and inspiring leadership of the Grand Old Man are in the air. The loss of his active leadership might be fatal and would certainly be severely felt in the approaching campaign. Hosts of people outside of Great Britain will join in the wish that Mr. GLADSTONE may be spared to win his cause and enjoy the realization of his hopes.

It is not becoming in Mr. FARNELL to exhibit a proud consciousness of rectitude because of his marriage with Mrs. O'BRIEN,

PORK IN POLITICS.

The American Hog Will Play a Part in the Next Campaign.

FARMERS DEMAND THE REMOVAL OF GERMANY'S EMBASSY.

Republicans Who Feel the Burden of the McKinley Inquiry—Kansas City Fighting Over the Location of the Federal Building—Affairs of the Department—Washington News.

WASHINGTON, D. C., June 27.—One of the ends to which the Administration is bending its energies just now is to secure the removal of the embargo on American pork imported by Germany and France in time to influence the election. The question is one of great interest to the farmers everywhere, particularly in the West where the investments are on so large a scale. There have been no recent reports on the subject either from the McKinley Inquiry or from the McKinley Inquiry, but both of these officials are hard at work at their posts under express instructions to press matters as rapidly as possible.

Senator Paddock of Nebraska, who is here on business, has been asked to point out to the committee the value of the pork at this time of scoring a point on pork. He one of those Republican leaders who see hard times ahead for the party unless something can be done to quiet the unrest excited by the McKinley Inquiry. He has been with Senator Plumb in opposition to the McKinley bill, and like the Kansas Senator, he foresees the storm that burst in November last. He is, therefore, still in a uneasy frame of mind concerning the party's prospects in the West.

He was a visitor at the Agricultural Department to-day and had a long conference with Secretary Russell. Besides the point out to the committee the value of the pork at this time of scoring a point on pork. He one of those Republican leaders who see hard times ahead for the party unless something can be done to quiet the unrest excited by the McKinley Inquiry. He has been with Senator Plumb in opposition to the McKinley bill, and like the Kansas Senator, he foresees the storm that burst in November last. He is, therefore, still in a uneasy frame of mind concerning the party's prospects in the West.

The data and important statistics relating to this subject were collected and prepared by Geo. H. Morgan, Secretary of the United States Department of Agriculture, and are full and complete. PORK IN POLITICS.

The American Hog Will Play a Part in the Next Campaign.

FARMERS DEMAND THE REMOVAL OF GERMANY'S EMBASSY.

Republicans Who Feel the Burden of the McKinley Inquiry—Kansas City Fighting Over the Location of the Federal Building—Affairs of the Department—Washington News.

WASHINGTON, D. C., June 27.—One of the ends to which the Administration is bending its energies just now is to secure the removal of the embargo on American pork imported by Germany and France in time to influence the election. The question is one of great interest to the farmers everywhere, particularly in the West where the investments are on so large a scale. There have been no recent reports on the subject either from the McKinley Inquiry or from the McKinley Inquiry, but both of these officials are hard at work at their posts under express instructions to press matters as rapidly as possible.

Senator Paddock of Nebraska, who is here on business, has been asked to point out to the committee the value of the pork at this time of scoring a point on pork. He one of those Republican leaders who see hard times ahead for the party unless something can be done to quiet the unrest excited by the McKinley Inquiry. He has been with Senator Plumb in opposition to the McKinley bill, and like the Kansas Senator, he foresees the storm that burst in November last. He is, therefore, still in a uneasy frame of mind concerning the party's prospects in the West.

MOQUIS IN ARMS.

The Outbreak Caused by Fear of Their
Savage Neighbors.

GOVERNMENT TROOPS UPON THE SCENE
OF THE UPRISING.

The Peaceful Old Dwellers and the War-
like Navajos Are Hereditary Enemies.
The Indian School at Keam's Canon
Closed—The Snake Dance—Tribal
Tracts.

FLAGSTAFF, Ariz., June 27.—Two troops,
numbering about one hundred and eighty
men, left Holbrook yesterday for the Mogi
Reservation under command of Lieut. Henry
C. Corbin. They have two Hotchkiss guns.
The distance to Oraibi Village is ninety miles.
It is the largest village on the reservation.
The cause of the dispatch of troops to this
point was a dispatch sent from Keam's Canon
by Lieut. Britt on Monday last by courier
a strong force, announcing that the Mogis
were hostile. The trouble at that point
arises from an order of Indian Com-
missioner Morgan, made last winter, in
which he directed that the Indian children be
sent to the school in the Mogi reservation.
Part of the Indians were in favor of this
movement, while others rejected it strenu-
ously. So that there were two factions formed
in the village, one on the Government's side
and the other against it. Last winter the
hostilities ended the head man of the Govern-
ment faction and thrust him into an estufa,
which is an underground dungeon. A com-
pany of troops was sent to liberate him and
remained there till March, when they were
withdrawn, everything looking peaceably.

CAUSE OF THE OUTBREAK.
The Mogis and Navajos, whose reserva-

tions adjoin, have been hereditary enemies

for years, the Navajos being the aggressors.

After the withdrawal of the troops in March

the Navajos made threats against the

Mogis to such an extent that the Mogis

have their children in school at Keam's

Canon, became alarmed, and a considerable

number armed themselves with rifles, shot-

guns, bows and arrows, clubs and other

weapons and appeared at the schools at

Keam's Canon, saying that the Navajos had

threatened to kill their Government school

teacher and the Mogi school children. This

was the occasion of Britt's march to Keam's

Canon.

THE SCHOOL CLOSED.

On arriving at the village he found that the

children had been withdrawn from the

school and that the solicitation of the Acting

Agent Collins had secured their withdrawal.

Collins went to visit the Mogi village of

Oraibi, where he found matters as

follows:

Feeling the Sacred Place.

stated in his dispatch of Monday, a portion

of the inhabitants of the village assuming a

defensive attitude and refusing to admit the

troops. The Mogis are the Indians among

which Oraibi lived twelve years and whom

he termed Zunis. It is not thought that there

will be serious trouble with the Mogis, but

a sufficient force is being sent to overawe them

and arrest the rebellious chiefs, when the

trouble will cease, although they have been

very ugly for the past two years, the village

of Keam's Canon particularly refusing to al-

low a white man to enter.

THE MOQUIS.

The following special correspondence will

be of interest in view of the disturbance,

aside from the odd features of the snake

dance:

Special Correspondence BUREAU OF DISPATCH.

FLAGSTAFF, Ariz., June 27.—Not a little

anxiety is felt by the people of New Mexico

and Arizona on account of the reported at-

tack of the Mogi Indians. This tribe has

never yet given any trouble, but it is now

feared that the present dissatisfaction may

lead to an outbreak. The Mogis may be

called the hereditary enemies of the Navajos.

Their desire has always been to let alone.

They have so far as possible avoided contact

with the whites and other Indians, and to-day

are more nearly in their aboriginal condition

while at Fort Apache, which is even nearer,

there is a large field force which is immedi-

ately disposable. In the second place mili-

tary men who have been brought in contact

with the Mogis are disposed to place little

reliance on the stories of their intention to go

to war.

There is certainly a great deal of excite-

ment among the Mogis, and the men are

concentrating at their chief pueblo, but this

is not a sign of war.

KEOSAU, Mo., June 27.—The special Grand-
jury has adjourned without indicating any
one for the brutal murder of pretty Miss
Campbell near Ritchey, on Saturday, June
26, 1891. A large number of witnesses ap-
peared before the grand jury, and several
parties were suspected, enough evi-
dence to fasten the crime on anyone
could not be had. Several persons are now
being shadowed and it is thought are many
days the trial of Whitey and the other
news had reached Ritchey, a stranger, about 21
or 22 years old, commonly dressed, appeared
at a restaurant in Granby and got his break-
fast. His clothes were disparted with
blood and indicated that he slept out all
night in the rain. He was very nervous, but
at the time no one suspected him of being the
perpetrator of an inhuman murder. The
coroner has a description of the man and is
making a thorough search. It is believed he
has gone to the Indian Territory.

FRESH AIR PARTIES.

THEY ARE TAKING THE PLACE OF INDOOR ENTERTAINMENTS.

Mr. Herbert Sellner's Tally-ho Party Last Week-Mr. and Mrs. Andy Knapp's "Flying Dutchman"-Visitors and Returns-General Gossip of Society.

Comparatively few indoor parties had favor with the fashionable world just now. Tally-ho, drags, lawn parties, picnics, garden and electric car parties bid fair just now to usurp entirely the place of all other society functions during the summer months. Last week quite the most noteworthy outdoor party was the tally-ho party given by Mr. Herbert Sellner, to a large party of young ladies and gentlemen, chaperoned by Mr. and Mrs. Andrew Knapp, at whose residence on Moran street, near Garrison avenue, the young people assembled in the twilight and bestowed themselves upon the top of the coach. Besides the trumpeter, whose duty it was to make light melodious with his bugle calls and sentimental strains, added greatly to the discord of sweet sounds, and to the merriment of the party. They were also liberally provided with chewing-gum, the favorite pop-corn, and the evening was spent in Forest Park and a drive through Tower Grove en route for home, which was not reached until after 12 o'clock.

The following young ladies and gentlemen participated in this treat: Miss Julia Sellner, Miss Frances Calanane, Miss Abby Donaldson, Miss Mildred Wear, Miss Margaret Boswell, Miss Martha Platt, Miss Mona Joy, and Messrs. Sam Day, Earl Gardner, Hollis Ward, Will Alexander, Maj. Conant, Henry and Chas. Lockland, Sam Pierce, Bert Farrar, and Dr. Courcy Lindsay.

This tally-ho party was supplemented by Mr. and Mrs. Andy Knapp, who gave a "Flying Dutchman" party, on Saturday evening, when very nearly the same party of young people were invited to go out upon the electric cars to Forest Park and while a few hours away in exercising the wicker steeds.

The dinner party given by Dr. John Deaney, prior to his marriage, to the Board of Managers of the University Club, with whom he has served so long a time, was a very elegant affair. It took place at the University Club-house, corner of Pine street and Beaumont avenue, the details of which were given in our issue of Tuesday.

Mr. and Mrs. Deaney left soon after the ceremony for the East and will visit the Umbria for Europe, intending to make a tour of the world.

Mr. Sylvester Watts gave a charming progressive euchre party on Friday evening, her lady friends prior to her departure for Europe early in July. The game lasted from 9 to 12 o'clock, when a delicious luncheon was served.

A drag party, composed of Mr. and Mrs. Hudson and Miss Day, of Mr. and Mrs. Forbes, went out to Webster Groves last week, where they were delightfully entertained by their friends, and returned home in the long summer twilight.

Mr. and Mrs. Wood Fisher of Highland place gave a delightful musical on Saturday evening.

Mr. A. J. Well gave on Wednesday a delightful little picnic to her children to which a number of other little ones were invited. They all went out to Forest Park with well filled hamper and spent a pleasant day upon the green sward.

Mr. E. D. Henry entertained at its last meeting the Saturday Afternoon Euchre Club, of which they are members, at their charming country villa. This club meets only once each month and is all the more pleasant because of the infrequency of the reunions.

Among the guests present in this occasion were Miss F. Thompson, Miss F. Pittcher, Miss Florence Whitehead, Mrs. Charles Holland, Misses Flora and Lillie Frederick, Misses Annie and Lillie Hart, Miss Minnie Fuller, Mrs. Nelson, Miss Mamie Greenleaf and Mrs. Frank Ober. The prizes, which were handed out by Mr. C. Thompson, were distributed as follows: To Mrs. F. C. Thompson the first prize, to Mr. Frank Ober the second prize and to Mrs. Charles Holland the booby prize.

Miss Florida Watts gave a beautiful cobweb party to the members of the graduating class at Mary Institute, to which she belonged.

Miss Bettie Mitchell, who has been visiting her cousin, Mrs. L. W. Hill, at her home at Lexington, Ky., has returned to her home at Lexington, Ky., and will be at her suburban home, Miss Gertrude Carey of Atlanta, Ga., and Mr. and Mrs. C. P. Hopkins of New York City.

Mr. and Mrs. George Tomlinson have returned from a visit to Mr. and Mrs. William Alexander. Miss Jennie Green of Delmar has returned from a visit to her cousin, the Misses Powers, at their home in Delmar.

YANKEE VS. BRITON.

American Athletes Winning Laurels and Friends Abroad.

SPORTING NEWS AND NOTES COMPILED FROM MANY SOURCES.

Certainty of a Meeting Between Sullivan and Slavin—Faddy Ryan Matched—The Ring—Outlook for the L. A. W.—The Wheel—Miscellaneous Events in the Sporting World.

MANCHESTER, June 27.—The visiting team of the Manhattan Athletic Club of New York will complete this afternoon with the crack athletes of England at the English amateur championship meeting held here. This meeting is the principal athletic event of the summer and is held under the auspices of the Amateur Athletic Association of Great Britain. The American General, Sir Richard Webster, is President of the association and the Comptroller of Arrangements is made up of prominent members of the leading athletic clubs of England.

The prospects for making fast time or breaking records this afternoon were not very encouraging. Heavy rain had been falling throughout the night and the track is still very muddy. L. M. Carey, "the record hunter," who was beaten at Huddersfield on Saturday last, attributes his failure to win the 220-yard handicap to the high grass track, while Mortimer Remington, who came in third in the 220-yard scratch race, which was won by Carey, was not in good enough trim for the contest.

The American putting contest for Paris on Monday next where on July 4 they will compete with the French athletes in the games of the racing club in the Bois de Boulogne. On July 5 the Manhattan will for home on the steamship Servia.

THE EVENTS. There were six heats in the 100 yard flat race, and twenty-one starters. Luther M. Carey, Manhattan Athletic Club of New York, won the final heat and race easily by four yards. Time, 1:01.58. The first race was won by his clubmate, Remington, Carey took the second heat by three yards and the race by eight yards. Time, 1:12.

In the three-mile run, Remington won the first heat by two yards, after a hard struggle. He also won the final heat and the race by eight yards. Time, 1:12.

Kibbie White won the mile race by four yards. Time, 4:12.50. In the 220-yard handicap, which J. C. Queckbarn, M. A. C. won, there were ten contestants.

Malcolm W. Ford, M. A. C., and Bulger of Dublin, tied in the long jump. Distance, twenty feet and four inches.

In the shot putting contest, Barry of Cork won. Distance, forty feet and eight inches. Queckbarn's record was thirty-seven feet and ten inches.

Nicoll, M. A. C., was third in the three-mile walk. The track was heavy, owing to rain early in the day. The prospects for the afternoon, and the games were favored with sunshine.

THE FIELD TO-DAY. Commenting on the showing made by the American visitors thus far, says that Carey's running, though fast, is not admired as to style. The writer admits that the visitor was not so good as he was because of adverse conditions in the competition and because of the fact that when the Huddersfield game took place the mud had hardly recovered from the effects of their own victory.

ATHLETICS IS GOTAWAY. New York, June 27.—The Manhattan Athletic Club's team of champion athletes certainly made a fine showing on the English sporting public when competing at the Huddersfield athletic meeting June 20. It will be understood, of course, that the English sportsmen are not so good as the members of the American team competed on that occasion. Malcolm W. Ford, E. D. Lange and O. L. Nicoll did not take part, to judge from the reliable reports of the meeting. Luther H. Carey was beaten by less than two yards in the 100 yard flat race. This was a brilliant performance, and it was a brilliant performance, and it was a brilliant performance.

Handicapped by rain, the race had landed only two days before the race. H. L. Badman won the quarter mile handicap. And this was, undoubtedly, from the cable reports, a very popular victory. The Manhattan Athletic Club has received a cablegram from Eugene Schachtel, Lieutenant of the club, stating that the members of the team were all well and that they would reach Paris on July 4, in time to compete at the international meeting to be held there.

BOSTON ATHLETIC ASSOCIATION. The Boston Athletic Association will hold open handicap games at Irvington Oval, Boston, next Tuesday. The entry list is a good one and there is every indication of the meeting being a very successful one.

AMATEUR FOURTH OF JULY MEETINGS. Many amateur athletic meetings will be held July 4. The following are among the fixtures for that day: Lorillard Debating & Athletic Association, summer games, at Jersey City; Prospect Harriers, open amateur games, at Brooklyn; Sons of St. George, summer games, at Camden, N. J. The Troutmont Athletic Club will hold open amateur games at Boston, Mass., and the New Jersey Athletic Club will hold members' games. T. P. Connell will travel to Boston and will give an exhibition run at the Troutmont Athletic Club games. The Prospect Harriers games at Jersey City will be a very interesting one. Local support will insure a successful meeting for the Lorillard Debating and Athletic Club.

ACQUATIC COMPETITIONS ARE VERY NUMEROUS in and around New York City at the present time. There were no less than seven aquatic fixtures yesterday, and on July 4 there will be held the first annual regatta of the Hudson River Amateur Rowing Association. The annual regatta of the New Rochelle Boat Club, the people's open amateur regatta at Philadelphia, the annual regatta of the Virginia Association of Amateur Oarsmen at Richmond, the annual professional and amateur rowing regatta at Boston, and the New England Amateur Rowing Association annual regatta at Lawrence, Mass.

There will also be Naphtha launch races under the auspices of the American Yacht Club at Milton Point, Orono. The Manhattan Athletic Club, now that it has the University of Pennsylvania's expenses, has been offered to give the Atlanta Boat Club eight an opportunity to decide which club can boast of the better crew. If, as arranged, will be settled upon by F. B. Fortmyer, director of rowing of the M. A. C., and Capt. Theodore Vanhook of the Atlanta Boat Club. It will be in every sense of the word a friendly match.
